

# NEWLANCER

*“New MS Linking for an Advanced  
Cohesion in Euratom Research”*

Anita D'Andrea  
APRE

*Giornata nazionale nell'ambito del Programma EURATOM*

Roma – ENEA 17 febbraio 2012

# Main objective

**Identify and implement efficient solutions leading to enlarged NMS involvement in future Euratom Framework Programmes by:**

- strengthening the R&D potential at national level
- increasing cohesion between New Member States institutions
- improving their cooperation with Old Member States research centres.

<b>Duration</b>	24 months
<b>Funding scheme</b>	CSA
<b>Start of the project</b>	1 November 2011
<b>Topic</b>	Fission-2011-6.0.2: Enhancing involvement of New Member States
<b>EU contribution</b>	900,033.00
<b>Project coordinator</b>	Institute for Nuclear Research coordinator (INR)

INR Institute for Nuclear Research coordinator UPB	Romania
AEKI	Hungary
ARAO JSI UL	Slovenia
CEA SYMLOG	France
ENEA APRE	Italy
INCT	Poland
INRNE-BAS TUS	Bulgaria
LEI	Lithuania
SCK•CEN	Belgium

## *Analysis of skills, participation of NMS in Euratom Projects*

### AIM

- Identify the major reasons that determined the present involvement of the NMS in the R&D Euratom Programmes.

### ACTIVITIES

- Questionnaire, SWOT analysis, in order to identify the existing competences, priorities, and expectations
- Catalogue mapping NMS research potential in each participating country, infrastructure, in the Euratom fields

## *Networking activities for advanced cohesion in NMS and OMS nuclear research*

### AIM

- Create a multi-level network in order to strengthen future participation in European research.

### ACTIVITIES

- Identification of research potential and needs for future research in order to prepare new collaborative projects
- Working groups in order to create links with national structures defining the national research policies (research agencies/ministries, nuclear authorities) and European Structures

## *Good Practices and Recommendations*

### AIM

- Better **integration** and **mobilisation** of research **across Europe**, harmonisation of research work
- Ensure **visibility** of NMS research potential in Europe

### ACTIVITIES

- Collect **good practices**, **success stories** on New and Old MS participation in Euratom Programmes

## *Dissemination*

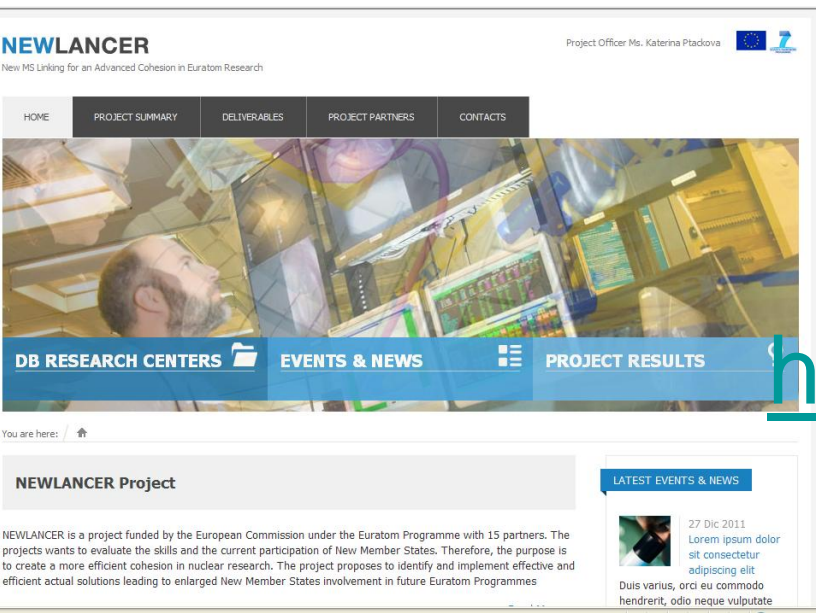

### AIM

- Ensure broad visibility of NEWLANCER achievements

### ACTIVITIES

- Dissemination strategy
- Leaflet
- Project website
